

## Letter of Support

On Letterhead paper from supporting organisation (Church, School, Residents Association, Development Worker, Sure Start)

Date

Re: *Group Name Project*:

As an organisation we fully endorse the work which (name of group) is undertaking to benefit the local community, particularly (name of project).

All activities provided by this group are available to all members of the local community (and as far as we are aware the past history of this group has been financially sound)

We have no hesitation in recommending this group for a grant.

Yours sincerely
